Profile / Professional Summary

Experienced and adaptable Frontend Developer with 7+ years in the tech industry, transitioning from Web Designer and UI Developer to Senior Software Engineer. Strong foundation in building responsive, user-friendly web applications using HTML, CSS, and JavaScript, with hands-on experience in modern JavaScript frameworks across select projects. Known for writing clean, maintainable code and collaborating effectively with cross-functional teams in fast-paced, agile environments. Passionate about user experience, performance optimization, and continuous learning.
